II.1.4) Short description

BU requires an implementation partner to commence the design and build of its corporate website, with an ongoing maintenance contract. This will involve rebuilding the site, which is currently managed on Drupal 7, on Squiz Digital Experience Platform (DXP), a platform BU has already acquired through a separate tender. The project will involve building a site with multiple integrations (our Student Records system, SITS; our research and staff database; our CRM, Microsoft Dynamics; and our digital asset management system, Bynder). The scope of the project includes some redesign work, to focus on areas such as the site's navigation, key landing pages, and a number of core components. The ongoing maintenance contract post-launch will include a roadmap for iterative developments and enhancements.
