Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

Accelerated procedure

Justification:

The COVID-19 outbreak has given rise to an urgent need for the supply of strategic research to inform the diversification of the Northern Ireland Aerospace manufacturing supply chain which has been devastated by the reduction in air travel (2000 job losses since March 2020). The available budget is only in place until 5th April 2021 to deliver the outputs for Phase 1 of the Programme, and if Phase 1 is not successfully completed within this timeframe, the anticipated benefits of the research will not be realised, and the potential to secure budget to deliver Phases 2 and 3 of this critical Programme will be lost. This does not give Invest Northern Ireland sufficient time to comply with the standard open procedure timescales for this procurement. Invest Northern Ireland

considers this to be a state of urgency which it has duly substantiated. Accordingly, Invest Northern Ireland is using the accelerated

time limits permitted under PCR2015 (regulation 27(5) in respect of this procurement

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

Contract Monitoring. The successful Contractor's performance on this Contract will be managed as per the specification and regularly monitored (see Procurement Guidance Note 01/12 - Contract Management - Procedures and Principles). Contractors not delivering on contract requirements is a serious matter. It means the public purse is not getting what it is paying for. If a contractor fails to reach satisfactory levels of contract performance they will be given a specified time to improve. If, after the specified time, they still fail to reach satisfactory levels of contract performance, the matter will be escalated to senior management in CPD for further action. . . If this occurs and their performance still does not improve to satisfactory levels within the specified period, it may be regarded as an act of grave professional misconduct and they may be issued with a Notice of Unsatisfactory Performance and this Contract may be terminated. A central register of

such Notices for supplies and services contracts will be maintained and published on the CPD website.. . Any contractor in receipt of a Notice of Unsatisfactory Performance will be required to declare this in future tender submissions for a period of three years from the date of issue of the Notice. It may also result in the contractor being excluded from all procurement competitions being undertaken by Centres of Procurement Expertise on behalf of bodies covered by the Northern Ireland Procurement Policy..

VI.4) Procedures for review

VI.4.1) Review body

The UK does not have any special review body with responsibility for appeal/mediation procedures in public procurement competitions. Instead; any challenges are dealt with by the High Court, Commercial Division, to which proceedings may be issued regarding alleged breaches of the PCR 2015'

Belfast

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

CPD complied with the Public Contracts Regulations 2015 and incorporated a standstill period (i.e. a minimum of 10 calendar days) at the point information on the award of contract was communicated to tenderers. That notification provided full information on the award decision. This provided time for the unsuccessful tenderers to challenge the award decision before the contract was entered into.
