- 85312300 - Guidance and counselling services
- 85312320 - Counselling services

II.2.3) Place of performance

NUTS codes

- UKL - Wales

II.2.4) Description of the procurement

We wish to procure a contract to deliver free at point of access service that provides signposting and access to a tiered model of mental health support and psychological treatment for the NHS and Social Care workforce in Wales.

To provide support to those with acute symptoms such as feeling overwhelmed and distressed or having difficulties managing the various challenges that the pandemic has brought; those developing symptoms of anxiety and depression, alcohol use disorder, as well as longer term effects such as Post-traumatic Stress Disorder (PTSD). The aim is to develop a delivery model that is scaled to meet the mental health needs of both the NHS and Social Care workforce over the longer term.

The successful bidder will need to provide a service where clients can make contact through both telephone and electronically. A relevant risk assessment must be carried out and we would require that individuals are directed to an advisor who would be able to triage their need and signpost them on to one or more of the following contract services:

- Self-Help: sign-posting to numerous mobile applications, self-help guides, virtual groups and other services.
- Guided Self-Help: Following initial consultations individuals will be directed to specific Self-help materials. As appropriate a follow-up consultation will review the need for additional support.
- Peer Support: This would require giving access to volunteer peer-support providers.
- Virtual face to face consultations: This would require individuals to receive up to eight sessions of CBT from a BABCP accredited therapist.
- Alcohol and Substance Misuse Service: We require that individuals are supported through a specialist assessment and provided with advice on onward interventions where appropriate.
- We recognise that an individual's mental health can be affected by many aspects of their personal and professional lives. We require the successful bidder to offer support to those experiencing challenges with relationships, finance, housing, working environments as well as other difficulties.

Where an individual presents with more complex needs, we require that cognitive therapies be rapidly accessed and tailored to the needs of each individual following a risk assessment process. Therapists should be BABCP accredited.

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 70

Price - Weighting: 30

II.2.11) Information about options

Options: Yes

Description of options

as stated in the procurement documents
