Taking into account responses received via previous market engagement, the Contracting Authority is considering / exploring new ways of delivering these services and working in an integrated way across the three Children and Young People Secure Estates in Yorkshire.

Collaboration

The Contracting Authority is keen to promote opportunities for partnership working between the voluntary and community sector and providers of healthcare services, recognising the contribution that all providers can bring to delivery of these services.

To achieve this, it is envisaged that some providers may wish to collaborate in order to ensure that the healthcare needs of the children and young people and the requirements of the services and the Contracting Authority are met.

As such, we would like to offer the opportunity to facilitate the sharing of contact details for providers who may wish to adopt this approach.

Those providers who wish for their contact details to be shared are asked to send a message including their contact details via the e-Tendering system and NECS will facilitate the sharing of these details - Providers are responsible for ensuring the accuracy of their contact details issued.

Market Engagement Event

The Contracting Authority intends to hold a market engagement event, which will include an overview of the three estates, as well as a presentation which will provide insight into the Contracting Authority's vision for meeting the healthcare needs of the children and young people living in these secure settings.

The market engagement event will be held on 06 February 2024 at The Studio, Riverside West, Whitehall Road, Leeds LS1 4AW. An opportunity for networking and partnership discussion will also be included within the agenda for the session.

Please note that attendance is limited to no more than 2 attendees per provider organisation.
