- 85111900 - Hospital dialysis services
- 33692800 - Dialysis solutions

II.2.3) Place of performance

NUTS codes

- UKL - Wales

II.2.4) Description of the procurement

Cardiff and Vale UHB (C&VUHB) are commissioned by the Welsh Kidney Network (WKN) to provide Dialysis services to patients residing in ABUHB, C&V UHB & CTUHB.

The current contracts with the Independent Service Providers are due to expire in 2027 and C&V UHB wish to commence exploring opportunities in delivery of these services.

To this effect, C&VUHB along with the WKN are looking to undertake pre-market engagement to gain insight into the following areas (but not limited to);

- Current market capacity for unit dialysis
- Potential innovative solutions for the delivery of unit dialysis including closer to home arrangements, digital solutions for example, to provide capability in planning and management or to reduce resource limitations
- Exploration of potential 'Value in Health' approaches to the patient pathway for adults requiring Kidney Replacement Therapy in both unit dialysis and home therapies
- Aligning ISP services with home dialysis (HDD, CAPD, APD and PD) and in hospital services for potential streamlined patient pathways

C&V UHB is interested in engaging with suppliers both within and outside with renal services delivery to understand the opportunities for innovation and service improvement where applicable. Due to this, C&V are holding two days of supplier engagement sessions on Thursday the 13th February and Friday the 14th February.

If you are interested in discussing the above opportunity, please send an expression of interest email to the named contact in this notice advising of your speciality and if you have any potential solutions available for discussion.

II.3) Estimated date of publication of contract notice

21 February 2025
