Section II: Object

II.1) Scope of the procurement

II.1.1) Title

CAMS Project

II.1.2) Main CPV code

- 48000000 - Software package and information systems

II.1.3) Type of contract

Supplies

II.1.4) Short description

Provision of a Central Asset Management system. The immediate requirement is to centrally manage the logistics process for the clinical consumables and standard clinical equipment that are received and distributed for ambulance use using a system that possesses a transparent and sharable core processes and data. The upgraded system will provide a robust and scalable solution to meet the ever increasing demands that are now placed on the Ambulance service providing real-time information on the trust's consumables and clinical equipment status and availability. The system will ensure our frontline staff are provided with the equipment needed to maintain patient safety and the clinical standards expected by the general public.

II.1.5) Estimated total value

Value excluding VAT: £800,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 48000000 - Software package and information systems
