VI.6) Original notice reference

Notice number: [2023/S 000-037202](#)

Section VII. Changes

VII.1) Information to be changed or added

VII.2) Other additional information

Tender Clarification Number 3 following tender queries.

Q1 Part 1. The insurance level of £10M for PII appears to be at the higher end relative to project value. To provide the best and appropriate value we wanted to check if this can be set at a value of circa £5M, which aligns with our experience on other projects.

Q1 Part 2. Could I ask if the £10M PI is an absolute requirement.

A1 to Part 1 and Part 2. It was considered that £5M would not be adequate cover as it does not just relate to project value and the level of £10M set provided the cover necessary and therefore adjustment to a lower level is not acceptable.

Q2. Will there be a separate ITT for heritage / conservation architect services in due course?

A2. A separate Notice for Planning / Heritage Consultant has been issued on Find a Tender however the intention is the Architectural Appointment Lots 1 and 2 including the Lead Designer role will capture the heritage / conservation design elements.
