Tender Clarification Number 2 following tender queries.

Q1. I was wondering if there was a .doc or other alternative format to the ITT PDF document so that we can add our information straight to it?

A1. No documents will be issued in alternative format.

Q2. We are reviewing the Invitation to Tender for the above opportunity and notice that it states £10M for professional indemnity insurance. Can you confirm if this level is an absolute requirement as we currently have £5M PI cover, but would very much like to submit a tender.

A2. It was considered that £5M would not be adequate cover as it does not just relate to project value and the level of £10M set provided the cover necessary and therefore adjustment to a lower level is not acceptable.
