II.1.4) Short description

Academies Enterprise Trust (AET) and The Elliot Foundation Trust (TEFAT) seek to establish a framework agreement enabling schools, multi-academy trusts and all UK public sector bodies to procure a variety of ICT goods and services, where those goods and services are split into a series of lots, allowing suppliers to respond to single lots, multiple lots, or all lots. The lots range from hardware and software purchases, to procuring a full managed service with a chosen Strategic ICT Partner. There is no limit to the number of suppliers on each lot and no limit to the number of lots you can respond to. We welcome responses from registered companies (including SMEs), consortia, Special Purpose Vehicles and Voluntary Community and Social Enterprise (VCSEs).

The Sponsors (AET and TEFAT) will be procuring a Strategic Partner utilising the framework, which will run in parallel to the framework procurement. These further competitions will be lots 16 and 17 of the framework ITT.

The framework lots are Strategic Partnering Services, Hardware Provision, Audio Visual, Networking, Wide Area Networking, Servers and Storage, Hardware as a Service, Software, Cloud Services, MIS, Printing,

Telephony, Built Environment, Support Services, Consultancy Services, AET Further Competition, and TEFAT Further Competition.

enFrame are focussed on ensuring that every procurement is driven by Social Value and fighting climate change, an ethos that is shared with AET and TEFAT. As such, the framework asks what Social Value suppliers can offer through delivery of the service that would benefit the trusts, and what they can offer and do to reduce the trusts' carbon footprint.

II.2.4) Description of the procurement

Sub-lot 1: Mobile Devices

Mobile Devices is a sub-lot that will enable Contracting Authorities to procure a range of mobile or portable devices including laptops, tablets, mobile communication devices, and e-readers.

Mobile Devices is a sub-lot of Lot 3: Hardware Provision. Contracting Authorities wishing to procure mobile devices through Further Competition may choose to procure using this sub-lot, the overarching Lot 3: Hardware Provision, or Lot 1: Strategic Partnering Services,

depending on their other requirements. More information is available in EN-ICT-1021 Phase 2 ITT Vol 1 - Instruction and Guidance for Tenderers - Final.docx and EN-ICT-1021 Phase 2 ITT App 2 – Framework Lots - Final.xlsx.

Suppliers can be awarded as a Panel Member for an individual sub-lot, the overarching lot, multiple lots, and sub-lots and/or all lots and sub-lots. If a supplier has been awarded a place on the overarching lot, they will be invited to tender for all Further Competitions for that lot and all its sub-lots. If a supplier has been awarded a place on a sub-lot, they will only be invited to tender for Further Competitions for that sub-lot. Suppliers will not be invited to bid for any part of a Further Competition using a lot that they are not a Panel Member for.

For example, if a Contracting Authority has asked for Audio Visual equipment as part of their Managed Service or Strategic Partner Further Competition, only Panel Members for Lot 1: Strategic Partnering Services, Lot 2: Support Services, and Lot 2 Sub-lot 2: Managed Service will be invited to bid (and not Panel Members for Lot 8: Audio Visual).

II.2.4) Description of the procurement

Sub-lot 1: Passive Networking

Passive Networking is a sub-lot that will enable Contracting Authorities to procure a range of passive networking solutions including fibre connections, fibre patching and trays, patch leads and connectors, copper connections and patching, cabinetry, trunking, ducting and containment, and power provision and earthing.

Passive Networking is a sub-lot of Lot 5: Networking. Contracting Authorities wishing to procure passive networking devices or services through Further Competition may choose to procure using Sub-lot 1: Passive Networking, the overarching Lot 5: Networking, or Lot 1: Strategic Partnering Services, depending on their other requirements. More information is available in EN-ICT-1021 Phase 2 ITT Vol 1 - Instruction and Guidance for Tenderers - Final.docx and EN-ICT-1021 Phase 2 ITT App 2 – Framework Lots - Final.xlsx.

Suppliers can be awarded as a Panel Member for an individual sub-lot, the overarching lot, multiple lots, and sub-lots and/or all lots and sub-lots. If a supplier has been awarded a place on the overarching lot, they will be invited to tender for all Further Competitions for that lot and all its sub-lots. If a supplier has been awarded a place on a sub-lot, they will only be invited to tender for Further Competitions for that sub-lot. Suppliers will not be invited to bid for any part of a Further Competition using a lot that they are not a Panel Member for. For example, if a Contracting Authority has asked for Audio Visual equipment as part of their Managed Service or Strategic Partner Further Competition, only Panel Members for Lot 1: Strategic Partnering Services, Lot 2: Support Services, and Lot 2 Sub-lot 2: Managed Service will be invited to bid (and not Panel Members for Lot 8: Audio Visual).

II.2.4) Description of the procurement

Sub-lot 2: Active Networking

Active Networking is a sub-lot that will enable Contracting Authorities to procure a range of active networking solutions including core switching and ancillaries, edge switching and ancillaries, wireless networking, cloud controller provision and setup, and cloud management and monitoring.

Active Networking is a sub-lot of Lot 5: Networking. Contracting Authorities wishing to procure active networking devices or services through Further Competition may choose to procure using Sub-lot 2: Active Networking, the overarching Lot 5: Networking, or Lot 1: Strategic Partnering Services, depending on their other requirements. More information is available in EN-ICT-1021 Phase 2 ITT Vol 1 - Instruction and Guidance for Tenderers - Final.docx and EN-ICT-1021 Phase 2 ITT App 2 – Framework Lots - Final.xlsx.

Suppliers can be awarded as a Panel Member for an individual sub-lot, the overarching lot, multiple lots, and sub-lots and/or all lots and sub-lots. If a supplier has been awarded a place on the overarching lot, they will be invited to tender for all Further Competitions for that lot and all its sub-lots. If a supplier has been awarded a place on a sub-lot, they will only be invited to tender for Further Competitions for that sub-lot. Suppliers will not be invited to bid for any part of a Further Competition using a lot that they are not a Panel Member for. For example, if a Contracting Authority has asked for Audio Visual equipment as part of their Managed Service or Strategic Partner Further Competition, only Panel Members for Lot 1: Strategic Partnering Services, Lot 2: Support Services, and Lot 2 Sub-lot 2: Managed Service will be invited to bid (and not Panel Members for Lot 8: Audio Visual).

Sub-Lot 2: Cloud Software

Cloud Software is a sub-lot that will enable Contracting Authorities to procure a range of internet based and run software systems and platforms, including learning platforms or portals, assessment, attainment, and associated tools, resource management and resource access tools, single sign-on tools, security and safeguarding tools, network, user management and monitoring tools, and communications tools.

Cloud Software is a sub-lot of Lot 6: Software. Contracting Authorities wishing to procure cloud software through Further Competition may choose to procure using Sub-lot 2: Cloud Software, the overarching Lot 6: Software, or Lot 1: Strategic Partnering Services, depending on their other requirements. More information is available in EN-ICT-1021 Phase 2 ITT Vol 1 - Instruction and Guidance for Tenderers - Final.docx and EN-ICT-1021 Phase 2 ITT App 2 – Framework Lots - Final.xlsx.

Suppliers can be awarded as a Panel Member for an individual sub-lot, the overarching lot, multiple lots, and sub-lots and/or all lots and sub-lots. If a supplier has been awarded a place on the overarching lot, they will be invited to tender for all Further Competitions for that lot and all its sub-lots. If a supplier has been awarded a place on a sub-lot, they will only be invited to tender for Further Competitions for that sub-lot. Suppliers will not be invited to bid for any part of a Further Competition using a lot that they are not a Panel Member for. For example, if a Contracting Authority has asked for Audio Visual equipment as part of their Managed Service or Strategic Partner Further Competition, only Panel Members for Lot 1: Strategic Partnering Services, Lot 2: Support Services, and Lot 2 Sub-lot 2: Managed Service will be invited to bid (and not Panel Members for Lot 8: Audio Visual).
