HCL has a requirement for the Provision of Grocery, Fresh, Chilled and Frozen Foods (hereinafter referred to as "Goods") to be delivered to various sites as listed in the tender documentation. All Goods supplied under this Contract must comply with all relevant legislation in force at the time. There will be a need for the Supplier to have a flexible approach as during the contract period the pattern, variety and volume of demand for Goods as well as the number of sites may be subject to change, and it is stressed that there are no undertakings concerning likely volume of demand. For guidance only, HCL's estimated annual value of spend is approximately £10m. HCL are exploring ways to increase their business in future years over the life of this Contract including working with other public sector bodies, which may or may not affect their ability to reach the estimated total value stated. Therefore, the spend under the contract will depend on the uptake of new services. HCL does not make any guarantees the contract will reach this value at any point in the life of the contract, nor does it guarantee future business growth. For the avoidance of doubt, the current estimated annual value of the Contract will be approximately £10,000,000.00 based on HCL's current spend on the

specified goods. The Contract will be awarded for an initial term of five years, with the option to extend the Contract up to three further years (two plus one year). Please note that the contract requirements will be subject to available financial resources, supplier performance and flexibility to meet changing demands. There will be no form of exclusivity or volume that is guaranteed under the Contract and HCL will be entitled to enter into other contracts and arrangements with other suppliers for the provision of any, or all, of the requirements which are the same as, or similar to those specified under the established Contract. Full details are in the tender documentation.
