Section VII. Changes

VII.2) Other additional information

Standard Compliance Update

Please note that the Contract Notice (III.1.3) Technical and professional ability) stated that ASTM Standard E2500 07 was required. This is incorrect and ASTM 2520-07 is the correct standard for detecting explosives. I have added this as additional information but believe the Contract Notice will need to be amended as it is an OJEU valued tender.
