I.2) Information about joint procurement

The contract involves joint procurement

I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

GMCA Street Lighting Electrical Connections Framework Agreement 2025 - 2026 (2028)

Reference number

DN730587

II.1.2) Main CPV code

- 50232100 - Street-lighting maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

The purpose of this tender is to put in place a framework agreement to procure street lighting electrical connections services. The framework agreement will consist of five lots, of

which two of the lots will be distribution network operator (DNO) geographical lots and three will be independent distribution network operator (IDNO) lots. All providers must be accredited for the appropriate work categories under the National Electricity Registration Scheme (NERS), presently operated by Lloyds Register, to operate on the incumbent distribution network operator (DNO) electrical networks at any time during the term of the framework agreement. The distribution network operators for the two geographical lots are

Electricity North West (Lot 1) and Scottish Power (Lot 2). The remaining three Independent Distribution Network Operator lots will be Energetics IDNO Sites (Lot 3), IPNL (Independent Power Networks) IDNO Sites (Lot 4) and ESP Electricity Limited IDNO Sites

(Lot 5).

II.1.6) Information about lots

This contract is divided into lots: Yes

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £15,000,000

II.2) Description

II.2.1) Title

Lot 1 - Electricity North West (ENW) Distribution Network Operator Geographical Region

Lot No

1

II.2.2) Additional CPV code(s)

- 34928500 - Street-lighting equipment
- 45233139 - Highway maintenance work
- 45316100 - Installation of outdoor illumination equipment
- 45316110 - Installation of road lighting equipment
- 45316211 - Installation of illuminated road signs

II.2.3) Place of performance

NUTS codes

- UKD - North West (England)

Main site or place of performance

Various sites and geographical locations across North-West England.

II.2.4) Description of the procurement

The purpose of this tender is to put in place a framework agreement to procure street lighting electrical connections services. The framework agreement will consist of five lots,

of

which two of the lots will be distribution network operator (DNO) geographical lots and three will be Independent Distribution Network Operator (IDNO) lots. All providers must be accredited for the appropriate work categories under the National Electricity Registration Scheme (NERS), presently operated by Lloyds Register, to operate on the incumbent distribution network operator (DNO) electrical networks at any time during the term of the framework agreement. The distribution network operators for the two geographical lots are

Electricity North West (Lot 1) and Scottish Power (Lot 2). The remaining three Independent

Distribution Network Operator lots will be Energetics IDNO Sites (Lot 3), IPNL (Independent

Power Networks) IDNO Sites (Lot 4) and ESP Electricity Limited IDNO Sites (Lot 5). It is the

intention to appoint a minimum of 3 providers to each lot subject to there being sufficient tenderers satisfying the criteria laid down within the tender process.

Services to be provided under the framework agreement will consist of street lighting electrical connections services (new connections, transfers and disconnections), including the erection and uprooting of lighting column, traffic sign pole, feeder pillar or illuminated traffic bollards, lantern/bracket installation or exchange, cut-out terminations and cabling installation works, and painting.

Contracts called-off from the framework agreement will be awarded on a cascade basis, with

the tenderer submitting the Most Economically Advantageous Tender being appointed as the first provider to the relevant lot, which will be contacted in the first instance in respect

of

any service requirements. Should the first provider not have the capacity and/or capability and/or not be willing to provide the services then the second provider and third provider would be contacted in turn. Alternatively, contracting bodies accessing the framework agreement may re-open competition to all providers capable of meeting the requirement within the framework agreement via a 'mini competition' process within the applicable lot(s).

The services provided under the framework agreement will be made available to members and associate members of the Greater Manchester Combined Authority (GMCA) and other

participating authorities and organisational bodies as named within this Contract Notice.

The Invitation to Tender documentation contains further details on those organisations intending to use the framework agreement at its outset and indicative call-off quantities.

None of the named organisations will however be obliged to procure through the framework

agreement. Economic operators should note that inclusion on the framework agreement is not a guarantee that any call-off contracts will be awarded.

The framework agreement will initially run for a period of 2 years and will allow for 2 further

periods of extension of 12 months each. The maximum duration of the framework agreement

will be 4 years.

II.2.5) Award criteria

Quality criterion - Name: Service Delivery / Weighting: 7.5

Quality criterion - Name: Quality Assurance / Weighting: 7.5

Quality criterion - Name: Business Continuity / Weighting: 5

Quality criterion - Name: Management Information / Weighting: 3
