## Street Lighting Improvements Programme 2026 - 2030

Sandwell Metropolitan Borough Council

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-000245

Procurement identifier (OCID): ocds-h6vhtk-05ff31

Published 5 January 2026, 11:58am

### Scope

### Reference

SMBC 25057

### Description

Sandwell Metropolitan Borough Council Highway Authority has a legal duty to maintain the highway network within the borough, including street lighting and illuminated signage. Sandwell MBC provides and maintains 30,985 streetlights and approximately 5,000 other types of illuminated street furniture. Of these, 30,139 lighting units have already been upgraded through a previous lantern replacement programme. This delivered significant energy efficiencies, carbon reductions and introduced LED lighting technology controlled via a Central Management System (CMS), a platform that enables remote monitoring and adjustment of street lighting assets for optimal performance and fault detection. The proposed Street Lighting Improvement Programme Contract, will focus on upgrading the small number of remaining non-LED lighting units and converting approximately 9,000 existing LED lanterns onto a single, integrated CMS. Additionally, the contract will enable the replacement of lighting columns and other illuminated street furniture that have reached the end of their design life, ensuring that the infrastructure remains safe and fit for purpose.

## **Commercial tool**

Establishes an open framework

A series of frameworks with substantially the same terms. Awarded suppliers are carried over and new suppliers can bid.

## **Total value (estimated)**

- £4,500,000 excluding VAT
- £5,400,000 including VAT

Above the relevant threshold

## **Contract dates (estimated)**
