2040

Description

The University of South Wales requires a contractor to prepare the space and install a new acoustic suspended plasterboard ceiling to the Students Union Nightclub Area with associated works.

Works to include removal of non-required fixings, installation of new suspended plasterboard ceiling, smoke/fire void detection, installation access hatches, new lighting, minor electrical works and redecoration.

The contractors are to note that the pre-existing ceiling has been removed. There is a scaffolding in place, the appointed contractor is expected to take over the scaffolding responsibility from the contractual start date.
