II.1.4) Short description

Overall description - The provision of a service to receive and handle, and subsequently sort Dry Recycling Materials, either directly or via Delivery Point(s),

The transfer of the Sorted Output Materials to suitable Outlets.

The provision of a complete record of all Dry Recycling Materials delivered, the Outlets and the final destination of Sorted Output Materials ('SOM') and any Contamination,

The provision of a suitably located Delivery Point(s), either a Waste Transfer Station (WTS) from which the Provider will transfer the delivered Dry Recycling Materials, or direct delivery to a suitable Facility, for processing (Lots 1 and 6 require the Provider to use pre-arranged WTS, whereas Lots 2-5 require the Provider to provide suitable Delivery Points),

Waste composition analysis of the Dry Recycling Materials to comply with the requirements of the Environmental Permitting (England and Wales) (Amendment) Regulations 2014, updated

II.1.5) Estimated total value

Value excluding VAT: £50,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

Following the evaluation, there will be 2 winning bids per lot; one for the current service and one for a dual stream service with fibre separate (except NuLBC who already have a dual stream fibre separate service, so here there will be only 1 winning bid). The winner of the current service option, and the winner of the dual stream fibre separate option will not go head to head in a procurement assessment. The decision of which service the Council, as a Waste Collection Authority, will have moving forward will be based on the outcome of the procurement plus other factors that fall outside of this process. This will include transitional costs occurred in making a change to the current collection methodology. Suppliers should also be aware that each Council is required to obtain approval from its respective Cabinet prior to contract award.

The Council/s / Authorities reserves the right not to award the contract at all to any of the winning bids.

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The Contracting Authority will incorporate a minimum 10 calendar day standstill period (or 15 days where non-electronic or fax methods are used) at the point that an award decision notice is communicated to tenderers. The award decision process will specify the criteria for the award of the contract/framework agreement, the reasons for the decision, including the characteristics and relative advantages, the name and score of the successful tender(s), and will specify when the standstill period is expected to end or the date before which the Contracting Authority will not conclude the contract / framework agreement. If an appeal regarding the award of a contract / framework agreement has not been successfully resolved, the Public Contracts Regulations 2015 provide for aggrieved parties who have been harmed or are at risk of a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be brought promptly (generally within 3 months). The Court may order the setting aside of the award decision or may order the Contracting Authority to amend any document and may award damages. 6 / 6 If an agreement has been entered into the Court may make a declaration of ineffectiveness or may order that the duration of any relevant specific contract be shortened and additionally may award damages. The time limit for seeking such a declaration is generally 30 days from notification of the award (either by award decision notification or contract award notice depending upon the circumstances) or otherwise 6 months.

VI.4.4) Service from which information about the review procedure may be obtained
