# VII.2) Information about modifications

#### VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Change from packing and transportation from BMAG to a local store; provision of additional packing and transportation services to move a proportion of art from the museum to a storage location within a distance by road of 150 miles.

#### VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Whilst two of the storage locations identified in the original tender remain unchanged; the third local off-site location failed to reach contractual completion. Due to the nature of the delay and significant impact to the decant programme, these unforeseen circumstances have necessitated an urgent change of storage provision. As such, alternative specialist storage facilities were sought via a separate procurement opportunity, which was advertised and out to market in November 2021.

To facilitate the change from a local BMAG operated store to one further afield operated

by third parties, the original packing and transportation requirements had to be revised. To maintain consistency of service and warranty; it was deemed necessary to amend the existing award/contract to incorporate more extensive packing and transportation for a proportion of art to be moved from the museum to a new storage location.

# VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptions and average inflation)

Value excluding VAT: £414,921

Total contract value after the modifications

Value excluding VAT: £564,921
