The service commencement date for both lots is 1 July 2023.

This procurement has been advertised in accordance with the requirements of the Public Contracts Regulations 2015 (as amended) (the “Regulations”) to the extent that the Regulations relate to services within the scope of Schedule 3 thereto (Social and Other Specific Services). II.2.4) Description of the procurement

Kingsway Health Centre has an actual patient list size of 11,027 (weighted 9802.53) as of September 2022 and Bramingham Park Medical Centre has an actual patient list size of 6,719 (weighted 5,941) as of September 2022.

The Commissioner has made a strategic decision not to reprocore practices with a weighted list size below approximately 10,000 patients as stand-alone APMS contracts and to look at alternative contracting models. This is intended to ensure robust, resilient and high-quality services for our population in the longer term.

These two practices are currently provided under two separate APMS contracts but share some back-room functions and staff. The Commissioner therefore believes that a single practice with a weighted list size of c16,000 would offer a greater possibility of robust, resilient, and economically viable long-term delivery of services at these two sites and is therefore offering a single contract to cover provision at both sites.

Under current contractual arrangements, both practices are open from 8am-8pm on Mondays, Wednesdays and Fridays, from 7.30am-8pm on Tuesdays and Thursdays and from 8.30am-12.30pm on Fridays. The Commissioner is offering a new contract on core hours which will align with the national strategy of provision of enhanced access through PCNs.

The contract will be for a duration of 5 years with the option to extend for up to a further 4 years with an estimated contract value (including the 4-year extension) of between £15.6 million - £16.3 million.
