VI.3) Additional information

Bidders should note that the FTS notice infers a higher annual value than the proposed cost envelope in the tender documents of £4.2m, with a total contract value set at £5.2m. This is because the value on the FTS notice includes a nominal allowance of up to £1m for the clearance of any existing or future backlogs which may build up for which the Commissioner may, from time to time, request the successful bidder to provide extra capacity for. Bidders should note that the Commissioner is not bound, nor are they under any obligation to spend the £1m nominal allowance and that some or all of the nominal allowance will only be discharged to the successful provider in the event that such extra funds as will allow this become available to the Commissioner during the life of the contract. The Commissioner offers the successful bidder no guarantee or warranty that this shall be the case. The Commissioner, in the event that they are able to discharge some or all of the nominal allowance, expects that the successful bidder will either provide this extra capacity themselves or sub-contract it, having assured themselves that any such sub-contractor is able to meet the same standards to those described in their submitted tender documentation. Bidders should seek to provide relevant details of any intended sub-contractors where requested to do so within their tender submission.
