5 June 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

NHS Dorset's Tier 3 Weight Management Service provides specialist support to patients in making long-term lifestyle changes to manage their weight and improve their health and quality of life. The programme is a multi-disciplinary (MDT) approach to provide expert advice and recommendations for each patient to inform the pathway to bariatric surgery.

As part of its service review and recent NICE approval of drug based management programmes, the Authority is seeking expressions of interest from qualified providers to participate in a market engagement event the week beginning 23rd January 2023 (subject to final confirmation).

This exercise will help improve the Authorities' understanding of market capabilities, innovation and any barriers to delivering new services.

To register for this event, participants will need to register as a supplier on the Authorities health e-commerce system called Atamis <https://health-family.force.com/s/Welcome>

Atamis is the system chosen by The Department for Health and Social Care and many organisations across the NHS and wider health system to manage tendering and contract management activity.

Registration on the system is only required once to allow you to view your existing contracts with NHS Dorset and any other contracting authorities on the Health Family e-Commercial system, as well as gain access to any new opportunities.

If you want to create a new registration, there is guidance on the Atamis landing page or contact the Atamis helpdesk using the following details:

Phone: 0800 9956035

E-mail: support-health@atamis.co.uk

Please email ian.clarke@nhsdorset.nhs.uk to confirm your expression of interest in participating in the event as well as confirming your Atamis registration. You will then be sent further details on the market engagement event.
