Scope

Description

Due to a recent fatality the authority has implemented a large scale tree felling programme across the county to remove trees infected with ash die back a fungal disease which compromises the structural integrity causing them to fail. With there being such a high volume work which has already incorporated batch 1 to 4 since October 25 we now need to start a far bigger batch 5, the only issue is we are struggling to achieve our completion dates with our precured companies so I have reached out to Forest Farm a certified and competent company who have resources available to assist us straight away so we can remain compliant and keep our duty of care to the public
