## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

As a Lead Local Flood Authority (LLFA) for the area, section 19 (s19) of the Flood and Water Management Act (FWMA) 2010 places a statutory duty on The Council to investigate flooding incidents in their area. This requirement was triggered by the flood event in July 2021 and therefore we need to undertake the s19 investigation.

### **VII.2.2) Reasons for modification**

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Proceeding with the contract variation will ensure the Council meets its statutory duty as an LLFA to undertake a s19 investigation under S19 of the FWMA 2010. Were the Council to fail to meet its statutory the FWMA 2010, this would result significant inconvenience.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £35,259

Total contract value after the modifications

Value excluding VAT: £46,814
