## **VI.4) Procedures for review**

### **VI.4.1) Review body**

High Court of England and Wales

London

Country

United Kingdom

### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

The contracting authority will incorporate a minimum ten (10) calendar days standstill period at the point

that information on the conclusion of the contract is communicated to all tenderers. This

period allows any

unsuccessful tenderer(s) to seek further debriefing information from the contracting authority before the

conclusion of the contract. Such additional information should be requested from the address at I.1) of this

notice. If an appeal regarding the conclusion of the contract has not been successfully resolved, then the Public

Contracts Regulations 2015 (SI 2015/102) provide for aggrieved parties who have been harmed or are at risk

of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any

such action must be started within thirty (30) days beginning with the date when the aggrieved party first knew

or ought to have known that grounds for starting such proceedings had arisen. The Court may extend the time limit for starting proceedings where the Court considers that there is good reason for doing so, but not so as

to permit proceedings to be started more than three (3) months after that date. Where the contract has not

been concluded, the Court may set aside the decision to award the contract or order the contracting authority

to amend any document and may award damages. If the contract has been concluded, the Court may only

award damages, or where the award procedures have not been followed correctly, declare the contract to be

ineffective.
