Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Tackling Cycling Inequalities In Essex - Essex Pedal Power

Reference number

CO0041

II.1.2) Main CPV code

- 34430000 - Bicycles

II.1.3) Type of contract

Supplies

II.1.4) Short description

Essex Pedal Power scheme is focused on low-income communities where the need is highest, and the benefits of becoming regularly active through cycling are greatest. Our ambition is to address this through a large scale project. This scheme will be a priority for Essex County Council, as it links directly to the ECC Place and Public Health Business Plan, as well as plans for Business Recovery and Climate Change. Different approaches will be tested across Essex, including in Tendring replicating the successful Big Birmingham Bikes scheme delivered by TAWS which has been running for the past 7 years.

The aspiration is to make this a county wide scheme to provide free bikes and support to up to 10% of the most deprived communities across the county. To begin with, the scheme would pilot in Jaywick and the 5 most deprived wards in Clacton (Alton Park, Bocking Elms, Pier, St Marys and Rush Green), with a plan to provide up to 3000 local people with new quality bikes in the pilot phase. These areas are some of the most deprived in Essex. This equates to approx 31,000 residents in total, with a plan to give away 3000 bikes in the pilot phase. (ratio of 1:10).

Essex County Council is looking for a provider who is able to supply, potentially, up to 3000 bikes in phases from April 2021 to March 2024, acting as a large bike shop for the client (Essex County Council) with a catalogue of products available for supply.

The range of bikes will vary depending on the need of the individuals, including adult hybrid

bikes, and bikes suitable for children, disabled people, girls and women, older people, overweight and obese people, and couriers.

II.1.5) Estimated total value

Value excluding VAT: £500,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 34432000 - Parts and accessories for bicycles

II.2.3) Place of performance

NUTS codes

- UKH3 - Essex

II.2.4) Description of the procurement

The core offer:

High quality bikes that are centrally procured and distributed in a phased approach starting in Tendring in the specific low-income areas of Jaywick and top 5 most deprived wards in Clacton.

District Councils and their area stakeholders will be able to shape the design of the programme and delivery model in line with their own strategic priorities and what the community need/wants are. Support would be given to develop clear insight based on the lived experience within the target communities.

A proportion of the bikes (to be determined in conjunction with ECC) would be GPS tracked and their usage monitored.

The total number of bikes procured would depend on a number of risk factors:

The local demand for bikes and the emergence of different forms of transport - e.g., E Scooters

Project may reduce in size if funding is withdrawn

The pilot in Tendring is not successful and the scheme is scaled back or stopped

The potential scale of this contract, (unit cost maximum £350) must include bike, helmet, lock, lights, pump and delivery (not final build cost), is the procurement of up to 3000 bikes and therefore a clear process needs to be established for the phased ordering and delivery of bikes over a three-year period.

Future phases are planned for other LDP areas and will continue to focus on our disadvantaged areas of Essex including Basildon, Colchester with potential to scale to areas such as Harlow, and Castle Point, subject to funding.

Unit pricing:

Supplier must be able to provide a range of bikes sizes from children's 12" wheel up to adult 21" frame. We would also welcome prices for cargo/e-cargo bikes and adapted bikes if providers can supply these for information only - this will not be scored.

Volume discounts - Bidders are given the opportunity to apply volume discounts given the volume of units that the Authority will be ordering. An example of ranges is provided below and an option will be available in the pricing matrix if a bidder so wishes to offer such discounts.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £500,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

36

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

15 February 2021

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

IV.2.7) Conditions for opening of tenders

Date

15 February 2021

Local time

1:00pm

Section VI. Complementary information
