II.1.4) Short description

As part of our claims management function, NHS Resolution can agree to pay claims for compensation on a periodical basis for the duration of the claimant's lifetime. We currently have approximately 2,500 periodical payment cases and this number is likely to increase each year. Majority of these cases are paid annually in December. Approximately 15% (30 - 40 a month), are paid at various other points in the year depending on the terms of the settlement agreement. The liability to make payments ceases upon the death of the claimant.

We are currently considering procuring a mortality screening service to add to our processes for confirming an ongoing entitlement to a periodical payment.

II.1.5) Estimated total value

II.2.4) Description of the procurement

This PIN is to establish providers in the market and to understand the boundaries to NHS Resolutions requirements.

As part of our claims management function, NHS Resolution can agree to pay claims for compensation on a periodical basis for the duration of the claimant's lifetime. We currently have approximately 2,500 periodical payment cases and this number is likely to increase each year. Majority of these cases are paid annually in December. Approximately 15% (30 - 40 a month), are paid at various other points in the year depending on the terms of the settlement agreement. The liability to make payments ceases upon the death of the claimant.

We are currently considering procuring a mortality screening service to add to our processes for confirming an ongoing entitlement to a periodical payment. We are looking for suppliers able to provide the service we require and we would be grateful if you could provide a response to our queries. Please note that this information is requested to assist with our scoping enquiries of the market offering and is not a formal procurement process.

A series of questions that we wish for perspective suppliers to complete and issue back to the email addressed stated in the document can be found here:
