Environment

---

## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Landscape scale natural capital tool for Scotland

Reference number

PP1309

#### **II.1.2) Main CPV code**

- 72416000 - Application service providers

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

NatureScot, in collaboration with Liverpool John Moores University, is looking for a supplier to work with our in-house teams to support the creation of a geospatial web application within the Amazon Web Services (AWS) Environment that will enable a natural capital approach at landscape scale. In particular, the geospatial web application should be suitable for use by non-technical audiences, with a polished user interface and collaboration functionality. The tool should have secure AWS cloud-hosted log-ins, as well as the functionality to update the tool's source data both frequently and automatically.

The development of this web application will be split into three distinct phases. The first phase, which is the focus of this ITT, is the development of an options appraisal for how to build the application. Full details are within the Statement of Requirements attached to this Contract Notice.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £26,750

## **II.2) Description**

### **II.2.2) Additional CPV code(s)**

- 72416000 - Application service providers

### **II.2.3) Place of performance**
