Award

Shallow Water Oil Spill Containment and Recovery System

Maritime & Coastguard Agency

F15: Voluntary ex ante transparency notice

Notice identifier: 2021/S 000-000657

Procurement identifier (OCID): ocds-h6vhtk-0289e5

Published 13 January 2021, 12:42pm

Section I: Contracting authority/entity

I.1) Name and addresses

Maritime & Coastguard Agency

105 Commercial Road

Southampton

SO151EG

Contact

Amanda Dunbar

Email

contracts@mcga.gov.uk

Country

United Kingdom

NUTS code

UK - UNITED KINGDOM

Internet address(es)

Main address

<https://www.gov.uk/government/organisations/maritime-and-coastguard-agency>

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Other activity

Coastguard search and rescue, maritime certification and protection of UK waters

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Shallow Water Oil Spill Containment and Recovery System

II.1.2) Main CPV code

- 90741000 - Services related to oil pollution

II.1.3) Type of contract

Services

II.1.4) Short description

A requirement for a shallow water oil containment recovery system to collect and separate high viscosity oil in a marine environment in harbours and shallow sea areas.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £160,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKC - NORTH EAST (ENGLAND)

II.2.4) Description of the procurement

The UK is part of the United Nations Convention on the Law of the Sea and has an obligation to protect and preserve the marine environment. The MCA acting as the Executive Agency for the UK is responsible for the environmental safety of the UK coast and waters. The CB2 will add further resilience to the UK Tier 3 national capability and is very important to the overall response of the MCA in dealing with pollution incidents when they occur in shallow water areas including harbours.

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The risk of oil pollution incidents in and around UK waters remains as does the need to update existing equipment so the Counter Pollution stockpile is resilient. The MCA has undertaken research and has concluded that the goods required can only be supplied by AllMaritim due to the technical capability of the CB2, this includes:

Ability to capture an oil slick and separate the oil and water whilst moving at various speeds through the water

Ease of recovery of oil slick by enablement of a skimmer to operate within the equipment

Proven capability to recover all types of oil including heavy viscosity

Rapid deployment capability

In line with Government Procurement Policy MCA tenders all its counter pollution equipment requirements by conducting 'open' competition. However, following specialist advice and market testing, MCA believes that provision of a 'tested' and 'certified' shallow water containment and recovery system is limited to being provided by a single supplier.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

5 November 2020

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

AllMaritim AS, N/A

Mathopen

Country

Norway

NUTS code

- NO - NORWAY

The contractor/concessionaire is an SME

Yes

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession: £160,000

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

Maritime and Coastguard Agency

Southampton

SO15 1EG

Country

United Kingdom
