II.2.4) Description of the procurement

A Tier 1 contractor will be required to develop the design proposals from the end of RIBA stage 3 for the new ACC and to build the Campus within the designated timescales. This is to be a highly energy efficient building designed to meet Passivhaus Certification standards and will be required to meet challenging in-use energy requirements. The design team appointed by the Council will be novated to the main contractor in August 2023 for the full Stage 4 process to maintain the integrity of the design intent.

An advance works contract comprising the soil remediation, revetment works, roads and utility infrastructure, coastal path and low carbon hub works will be undertaken by separate specialist contractors and are programmed to be completed by May 2024. The Council will be looking to transfer the warranties for the site remediation works to the Tier 1 contractor and it is anticipated that the specialist remediation contractor will be novated across to the main contractor.

It is intended to enter into a Pre-Contract Services Agreement (PCSA) with the successful tenderer to develop the stage 4 design and market testing.

In respect of the PCSA it is the Council's intention to utilise the SBCC PCSA/Scot Pre-Construction Services Agreement for use in Scotland (General Contractor) 2019 Edition, possibly subject to some minor schedule of amendments. This will be issued with the ITT. The main construction works will be appointed on the basis of a SBCC Design and Build Contract for use in Scotland (2016 edition) with bespoke Employer's Amendments. This will be issued

with the ITT.

The main Tier 1 contractor must be able to demonstrate experience in delivery of Passivhaus or equivalent specification buildings. This is a large and complex building with a range of uses and the Tier 1 contractor must be able to demonstrate that they have successfully built at least 2 educational and/or community or health care facilities within the last 5 years which meets the criteria as detailed in section III.1.3 of this notice

Contract duration is approx. 152 weeks with a start date of 04/08/2023 and a campus completion date of 30 June 2026.

This tender is using the Restricted Process. This is a two-stage procedure. The first stage is a selection process where bidders capability, capacity and experience to perform the contract is assessed via the SPD. A shortlist of bidders will be identified from these responses.

The Invitation to Tender will be issued at the second stage. Only bidders who are shortlisted in stage one will be invited to submit a tender. These bids will be assessed to determine the most economically advantageous tender.
