Newcastle City Council intends to identify the most suitable provider to deliver a comprehensive, open access, confidential and non-judgemental community sexual and reproductive health service. This process will be undertaken in accordance with The Health Care Services (Provider Selection Regime) Regulations 2023 and the Council will apply the Most Suitable Provider process under PSR, based on statutory criteria, including quality, value, and integration.

The Service will be available to anyone requiring sexual health advice, screening, treatment, or care, irrespective of age, place of residence, or GP registration, while targeting support to address local health inequalities. This includes:

- STI Testing and Treatment
- Full range of contraceptive services, including deep implant removal
- Pregnancy Testing
- Partner Notification
- Online booking of appointments with sexual health services
- Sexual health aspects of psychosexual counselling

- Pregnancy decision-making and referral pathways
- Specialist services focusing on young people, MSM, ethnic minority groups, and individuals with learning disabilities
- PrEP and PEP
- Co-ordination and delivery of the C-Card programme
- Co-ordination and delivery of the Chlamydia screening programme
- Sexual health promotion
- Targeted outreach focused in areas of greatest sexual ill health
- Support with training for primary care and community pharmacies

The Council's aims in providing the integrated clinical sexual health service are:

- Promoting good sexual health through primary prevention activities, including condom use, vaccination, HIV PrEP, behaviour change, and initiatives to reduce stigma associated with STIs, HIV, and unplanned pregnancy
- Providing rapid and easy access to STI and BBV testing, treatment, and management services through a variety of mechanisms, linking to the Digital Service Provider and creating pathways for referral
- Providing rapid and easy access to reproductive health services, including a full range of contraceptive services; supported referral to local NHS-funded abortion services; and support in planning pregnancy

The Service is to be provided from premises licensed to the provider for this purpose and will be for a term of two years. Providers should note the available budget and confirm their ability to deliver the service in line with the specification and within the set budget. Providers should also be aware of the timescales for service commencement on 1 March 2026.

Section VI. Complementary information

VI.3) Additional information

This decision was made under the Provider Selection Regime (PSR) using the Most Suitable Provider (MSP) process. This is not a competitive procurement but involves an assessment against published key criteria to ensure transparency and accountability.

Key Criteria:

- Quality and innovation - 40%
- Value - 15%
- Integration, collaboration and service sustainability - 20%
- Improving access, reducing health inequalities and facilitating choice - 15%
- Social value - 10%

Five providers expressed an interest in delivering the contract. The Council had sufficient evidence and knowledge of all five providers to assess them against the key criteria.

Award Decision Panel:

- Public Health Consultant (Evaluator)
- Sexual Health Project Advisor (Evaluator)
- Public Health Practitioner (Evaluator)
- Public Health Practitioner (Note taker)
- Legal Counsel (Independent moderator)

Following evaluation, the Council determined that South Tyneside & Sunderland NHS Foundation Trust was the most suitable provider to deliver the service. This decision was based on their ability to meet the requirements within the financial envelope, ensure rapid mobilisation, and provide consultant and nursing staff cover. The provider is well integrated into local pathways and organisations, which supports effective service delivery and sustainability.

This decision has been made in accordance with the requirements of the Provider

Selection Regime (PSR), ensuring that the process was fair, transparent, and proportionate. The Council has documented the rationale for its decision and this notice is published in line with PSR transparency obligations.

Conflict of Interest Statement

A potential conflict of interest was identified prior to the commencement of the design of the MSP process in that the Director of Public Health at Newcastle City Council is also Director of Public Health at Gateshead Council and therefore has an existing relationship with the successful provider. The individual therefore stepped away from the procurement process altogether prior to it commencing and her authority was delegated to the Public Health Consultant at Newcastle City Council, to lead the procurement process. The Director therefore was not involved in any aspects of the process to appoint the new provider for this service, including the preparation of the contract and the specification, the key evaluation criteria, and the evaluation process
