Cost	Full details are available within the tender documents.	Cost	40%

Other information

Description of risks to contract performance

Suffolk County Council has joined the government's Devolution Priority Programme (DPP), a fast-track programme towards devolution and local government reorganisation.

Under the DPP it is proposed that:

a) a Mayoral Combined County Authority (MCCA) for Norfolk and Suffolk is established,

with strategic powers and headed by an elected mayor ("Devolution").

b) the existing two-tier council structure in Suffolk is abolished and replaced with one or more unitary councils covering the current geographical boundary of Suffolk ("LGR").

It is possible that both, one or neither of these changes will happen. These changes are declared as known risks as we do not yet know the implications of Devolution and/or LGR.

As a result of LGR and Devolution, contract modifications may be necessary to novate, transfer or disaggregate the contract from the one you entered into to one or more successor authorities or the MCAA. Impacts could include changes to geographical boundaries, significant increases and/or decreases in the goods and/or services required due to the change in size/scope of any successor authority or the MCAA. This may also change the scope of the contract

Interested Parties should refer to the Invitation to Tender and Contract Terms for the Known Risks:

Contract novation, transfer or disaggregation to one or more Successor Authorities or the MCAA within the current geographical boundary of Suffolk.

Contract novation, transfer or disaggregation to one or more Successor Authorities or the MCAA outside the current geographical boundary of Suffolk.
