The rationale for choosing the provider with reference to the key criteria is explained below:

No conflicts of interest were identified as part of this process.

1. Quality Innovation (20%)

The provider satisfies the contract and provides an high-quality service provision and innovation within the programme. The service follows evidence-based guidelines and standards. Client feedback forms are sent to gather and act on feedback, ensuring the service meets the needs of users.

2. Value (25%) - The provider satisfies the contract and within the available budget. Quality rates are used to measure success. The provider collaborates with local councillors and utilises social media to share good news, stories and promotions. Savings for the NHS by helping people to quit and reduce health inequalities. Sharing of best practice and achievements with wider group.

3. Integration, collaboration & sustainability (25%) - The provider collaborates and integrates with many other local health care providers including GP practices, pharmacies & NHS Trusts

The service has established good networks with family centres and hubs, with clinics in most of their centres

The service collaborates with and supports the targeted lung health check team.

The aim is to be sustainable by managing demand within service timeframes, providing quality service, and ensuring the service remains within budget

4. Improving access, reducing inequalities and facilitating choice (25%)

Service users can access face to face and via telephone clinics, including evening clinics and access to advisors for weekend appointments. This provides patients with greater choice and flexibility. The service links in with other provisions such as health and wellbeing trainers, substance misuse teams and other external services. Motivation communications are sent to service users.

National and local health awareness campaigns are promoted on social media, and by the advisors on local area Facebook pages.

5. Social Value (5%) – Social responsibility and sustainability strategy published. Employ local employees with fair terms and conditions including flexible working hours. Reduction of business miles by offering alternative clinics. Organisational commitment to ethical purchasing. Paperless to reduce costs and ensure efficient use of resources.
