<https://procontract.due-north.com/>

Tenders may be submitted electronically

Yes

Languages that may be used for submission

English

Award decision date (estimated)

7 July 2026

Award criteria

Name	Description	Type	Weighting
Quality	The quality criteria will be based on the response from each bidder to several technical questions and these questions will be assigned a weighting, dependent on its relative perceived importance. The questions will cover a number of areas including development and construction, management and facilities, use of schemes as community hubs, promotion of social inclusion, innovative practice, use of technology.	Quality	50%
Price	The price element will be based on the following areas, with weightings for each area to be agreed and defined: - Rents and service charges - Contribution to land cost. - Amount of subsidy requested	Price	30%

Name	Description	Type	Weighting
Social Value	As part of the Council's Quality commitment to delivering social value through public services, the Council's Themes, Outcomes and Measures (TOMs) framework will be used to assess the wider benefits of the work the Council does with other organisations and suppliers.	Quality	10%
Climate	To better reflect the Council's priorities around protecting and enhancing the Essex environment and supporting healthy communities, we have introduced additional mandatory environmental criteria for this procurement in the Technical Response section. These criteria focus on practical steps that developers will take to reduce environmental impact during construction, manage waste responsibly, and design buildings that are built to be energy-efficient.	Quality	10%
