Competitive flexible procedure description

This procurement will be conducted under the Procurement Act 2023 using the Competitive Flexible Procedure. The process is designed to enable negotiation, by way of eAuction with shortlisted suppliers to achieve the most advantageous tender for Network Rail.

The procedure will consist of the following stages:

Participation Stage

Interested suppliers must complete a Procurement Specific Questionnaire (PSQ) to demonstrate compliance with the conditions of participation, including financial standing, technical capability, and relevant experience. Responses will be assessed against published criteria, and a shortlist of up to four suppliers will be invited to the Tender Stage.

Tender Stage

Shortlisted suppliers will be invited to submit an initial tender and participate in commercial negotiation, by way of eAuction.

Key Features of the Process

- The PSQ will be released on 7th January via Network Rail's Bravo Platform.
- PSQ briefing registration link is in the Bravo opportunity listing titled "Provision of Services for Drugs and Alcohol Testing and Medication Advice Line."
- All further communications and submissions will be managed via the Bravo Portal.
- Variant tenders will not be permitted.
- Evaluation will be based on the most advantageous tender, considering both technical and commercial criteria.
- Compliance with all pass/fail conditions is mandatory throughout the process.

Please see the Instruction to Participants document which will be released at the Participation Stage for further details of these activities.

Documents

Documents to be provided after the tender notice
