## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The risk of HNS incidents in UK waters remains and the MCA requirement for this critical service is unchanged. This service is a key component of its capability to manage any incident involving a HNS and its absence would severely restrict the MCA response to an incident of this type.

This service is currently and will continue to be delivered by NCEC until the end of the extension term during which time the MCA will conduct a market consultation with a view to conducting a fair and open competition for a replacement contracted provision of this service.
