Tender

X-Ray Diffraction System

Department for Transport

F02: Contract notice

Notice identifier: 2022/S 000-000817

Procurement identifier (OCID): ocds-h6vhtk-0309c9

Published 11 January 2022, 10:55pm

Section I: Contracting authority

I.1) Name and addresses

Department for Transport

SW1P 4DR

London

Email

Sam.Hatton@dft.gov.uk

Country

United Kingdom

NUTS code

UK - United Kingdom

Internet address(es)

Main address

<https://dft.gov.uk>

I.3) Communication

The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://dft.app.jaggaer.com/web/login.html>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted electronically via

<https://dft.app.jaggaer.com/web/login.html>

Tenders or requests to participate must be submitted to the above-mentioned address

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

<https://dft.app.jaggaer.com/go/95456718017E49BAA021>

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

X-Ray Diffraction System

II.1.2) Main CPV code

- 73000000 - Research and development services and related consultancy services

II.1.3) Type of contract

Services

II.1.4) Short description

The Department for Transport carries out evaluations of commercially available security equipment testing automated detection capability against performance standards. As part of the continuing increase in security capability the DfT are looking to purchase commercial equipment in support of its R&D program to assist in the speed of deployment of new algorithms and better systems. As part of that program the DfT Research, Analysis and Development (RAD) team are looking to purchase an x-ray diffraction system for the use of screening passenger cabin baggage. The scope of this purchase will be for installation and delivery of a system to a DfT UK facility that detects explosive materials using automated algorithms for diffraction spectra of x-rays and for the maintenance and support of the deployed system.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 60000000 - Transport services (excl. Waste transport)

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The Department for Transport carries out evaluations of commercially available security equipment testing automated detection capability against performance standards. As part of the continuing increase in security capability the DfT are looking to purchase commercial equipment in support of its R&D program to assist in the speed of deployment of new algorithms and better systems. As part of that program the DfT Research, Analysis and Development (RAD) team are looking to purchase an x-ray diffraction system for the use of screening passenger cabin baggage. The scope of this purchase will be for installation and delivery of a system to a DfT UK facility that detects explosive materials using automated algorithms for diffraction spectra of x-rays and for the maintenance and support of the deployed system.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

24

This contract is subject to renewal

Yes

Description of renewals

Option to extend (maintenance and service support) by a further 12 months.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

Please access the ITT documentation via the Jaggaer platform
<https://dft.app.jaggaer.com/web/login.html> and search for ITT reference code itt_694.

If you are not currently registered on the DfT's Jaggaer platform, please register your organisation for an account as soon as possible in order to participate in the procurement exercise. Information on how to register is available on Jaggaer.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

9 February 2022

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 10 May 2022

IV.2.7) Conditions for opening of tenders

Date

10 February 2022

Local time

12:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.4) Procedures for review

VI.4.1) Review body

Department for Transport

London

SW1P 4DR

Country

United Kingdom
