Tender Clarification Number 11

Q1. Will survey drawings be available for all areas at the start of Stage 2?

A1. The DRM highlights that survey requirements will be identified by the Lead Designer with a list of site surveys, assessments (as necessary) showing the Client as Primary Responsibility. It follows that if survey drawings are required for Stage 2 then the Lead Designer will establish that early on.

Q2. We note the recent clarification on the Contract Administrator role across workstreams CH1, CH2, BP1, HR1, AC1 being undertaken under a separate PM/CA appointment. As the client will be PM for the other workstreams, who will carry out the CA role?

A2. It is currently anticipated that the Client will be the CA for the other workstreams as they are smaller in value and more simple in nature

Q3. Since there are 2 lots, and we are interested in bidding for both, do we need to complete all the forms twice? I expect they would be identical

A3. We would expect two forms to be submitted, one for each tender even if they are identical as each tender will be scored, reviewed and marked separately
