Section VII. Changes

VII.1) Information to be changed or added

VII.2) Other additional information

Tender Clarification Number 11

- Q1. Will survey drawings be available for all areas at the start of Stage 2?
- A1. The DRM highlights that survey requirements will be identified by the Lead Designer with a list of site surveys, assessments (as necessary) showing the Client as Primary Responsibility. It follows that if survey drawings are required for Stage 2 then the Lead Designer will establish that early on.
- Q2. We note the recent clarification on the Contract Administrator role across workstreams CH1, CH2, BP1, HR1, AC1 being undertaken under a separate PM/CA appointment. As the client will be PM for the other workstreams, who will carry out the CA role?
- A2. It is currently anticipated that the Client will be the CA for the other workstreams as they are smaller in value and more simple in nature
- Q3. Since there are 2 lots, and we are interested in bidding for both, do we need to complete all the forms twice? I expect they would be identical
- A3. We would expect two forms to be submitted, one for each tender even if they are identical as each tender will be scored, reviewed and marker separately
