Precise information on deadline(s) for review procedures

The Department incorporated a voluntary minimum 10 calendar day standstill period at the point information on the award of the Framework Agreement was communicated to Potential Suppliers.

Potential Suppliers who were unsuccessful were informed by the Department as soon as possible after the decision had been made as to the reasons why they were unsuccessful. If any clarification regarding the award of the Framework Agreement had not been successfully resolved, The Public Contracts Regulations 2015 provide for aggrieved parties who have been harmed or are at risk of harm by breach of the rules to take legal action. The deadlines associated with undertaking such action is outlined in the Regulations.

Any such action must be brought within the applicable limitation period. Where a contract has not been entered into, the Court may order the setting aside of the award decision or order the Authority to amend any document and may award damages.

If a contract has been entered into the Court may, depending on the circumstances, award damages, make a declaration of ineffectiveness, order the Department to pay a fine, and/or order that the duration of the contract be shortened. The purpose of the voluntary standstill period referred to above is to allow the parties to apply to the Courts to set aside the award decision before the Framework Agreement is entered into.
