VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

1. The authority exercised its contractual right to extend the 60 month initial term for two periods of 12 months each under Regulation 72(1)(a). This accounts for a total extension value of ~£22m of the additional spend as contractually permitted.
2. The Contract was modified due to unforeseen circumstances during the Covid-19 pandemic under Regulation 72(1)(c). The modifications did not alter the overall nature of the Contract.
2. There has been additional spend due to the unexpected volume of BAU services that became necessary and was not anticipated in the original contract value under Regulation 72(1)(b). The authority could not change the contractor due to economic and technical reasons and to do so would have caused significant inconvenience, duplication of cost, to the Authority, and disruption sufficient to risk public health harm during the Covid-19 pandemic.
3. The Contract has been extended for a further 6 month period following the 12 + 12 month contractual extension period. This modification has been made in accordance with Regulation 72(1)(b) as ongoing services are required, to ensure continuity of services, during the period whilst the Authority prepares to and undertakes its replacement procurement process.
4. Each modification made under Regulation 72(1)(b) and (c) did not result in an increase in price that exceeded 50% of the value of the contract.
5. The Authority will also be using the contractual termination assistance period of up to a maximum of 24 months to ensure service continuity while it reprocures, mobilises, and transitions to the replacement Contract.
6. The Authority has commenced a new procurement process for the replacement

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

To ensure complete transparency with the market the Authority has summarised the modifications made to date, in relation to this contract, in this notice.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £1

Total contract value after the modifications

Value excluding VAT: £174,099,000
