This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

Main site or place of performance

UNITED KINGDOM

II.2.4) Description of the procurement

The overall purpose of this procurement is to secure a service provider capable of delivering not only effective pest control but also a socially responsible, sustainable, and transparent approach to pest management that safeguards the well-being of residents and properties across the Stonewater portfolio.

The scope of work for the Pest Control Service at Stonewater encompasses a comprehensive range of tasks, activities, and responsibilities. The selected supplier will be entrusted with managing both planned and reactive pest control measures across various Stonewater properties. The scope includes, but is not limited to, the following:

1. Pest Identification and Assessment:

- Conducting thorough assessments to identify and evaluate pest infestations at different Stonewater properties.
- Developing comprehensive pest profiles and risk analyses for diverse pests including rodents, insects, birds, and wildlife.

2. Treatment Plans and Execution:

- Designing and implementing tailored treatment plans for each identified pest infestation, ensuring efficient eradication and prevention strategies.

- Utilising environmentally friendly and sustainable methods while adhering to legal standards and industry best practices.

3.Swift Response and Emergency Services:

- Offering prompt responses to emergency pest situations, ensuring immediate containment and resolution to protect the health and safety of residents and properties.

•Repairs and Preventive Measures:

- 1.Conducting necessary repairs to seal entry points and mitigate pest access, preventing future infestations.

- 2.Implementing preventive measures and offering advice to Stonewater on actions to minimise the risk of pest resurgence.

•Social Value and Community Engagement:

- 1.Demonstrating a commitment to social value by engaging with the local community and providing educational materials or workshops on pest management and prevention.

•Regular Reporting and Documentation:

- 1.Providing regular, detailed reports on pest control activities, including assessments, treatments, repairs conducted, and the effectiveness of implemented measures.

- 2.Maintaining comprehensive records of all pest control-related activities and outcomes.

•Compliance and Certification:

- 1.Ensuring full compliance with legal and regulatory standards governing pest control practices.

- 2.Possessing relevant certifications and qualifications in pest control management.

•Continuous Improvement and Innovation:

- 1.Constantly exploring and suggesting innovative, effective, and environmentally sustainable pest control techniques and strategies.

II.2.5) Award criteria

Quality criterion - Name: Quality Criteria A: Implementation / Weighting: 12

Quality criterion - Name: Quality Criteria B: Continuous Improvement / Weighting: 12
