## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Mechanical Tugs

#### **II.1.2) Main CPV code**

- 33000000 - Medical equipments, pharmaceuticals and personal care products

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

Mechanical Tugs

#### **II.1.5) Estimated total value**

Value excluding VAT: £400,000

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UKK11 - Bristol, City of

#### **II.2.4) Description of the procurement**

NHSBT is committed to reducing manual handling activity wherever possible. Through Market research a feasibility pilot with a manual handling equipment (MHE) supplier was undertaken on a mobile team and has proven to reduce the Manual Handling of the IT cabinets/Roll cages. The devices have been very positively received by the team. Hence, the introduction of pedestrian tugs onto the Blood Donation teams is seen as a key piece of equipment to help reduce manual handling risk as it reduces the physical pushing/pulling of cages. The purpose of this document is to provide an outline specification for the initial purchase of 52 battery-operated pedestrian tugs for use on Blood Donation mobile teams. Including the ongoing maintenance and repair of the pedestrian tugs for an initial period of 3 years with the option to extend for a further two options of one year, bringing the contract duration to 5 years. NHSBT has circa 52 mobile teams who travel to different venues, in various locations within England, to collect blood component donations from donors. This involves transporting all equipment and consumables required to collect the target number of donations, from the team base to the scheduled venue. The longest journey time from team base to venue is approximately 2 hours. The teams transport the critical equipment and consumables needed to collect component donations in roll cages. They are currently manually handling the roll cages on and off a 7.5 tonne vehicle. Should the number of mobile teams increase, we would also require the ability to either purchase or lease additional pedestrian tugs.

### **II.2.5) Award criteria**

Price

### **II.2.6) Estimated value**

Value excluding VAT: £400,000

### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Start date

10 June 2024

End date

9 June 2027

This contract is subject to renewal

Yes

Description of renewals

The initial term of the contract is three years with two options of one year

#### **II.2.10) Information about variants**

Variants will be accepted: No

#### **II.2.11) Information about options**

Options: No

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

## **Section III. Legal, economic, financial and technical information**

### **III.1) Conditions for participation**

#### **III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions

NA

#### **III.1.3) Technical and professional ability**

Selection criteria as stated in the procurement documents

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Open procedure
