The Isle of Wight Council (“the Authority”) invites Tenders from suitably qualified suppliers (“Potential Suppliers”) for the provision of a Community Support – Homeless Prevention Service.

The Community Support - Homelessness Prevention Service will impact on people’s lives by ensuring that the provision plays a role in diverting people away from the need for formal statutory services; aiming to support them to live independently and resolve their housing needs without the use of costly public services. The aim of the provision will be:

- preventing or relieving homelessness wherever possible;
- identifying strengths and goals;
- developing the knowledge and skills for life to flourish independently, in their own homes, and as part of communities;
- building their well-being and resilience to deal with shocks, stresses and uncertainty in their lives;
- reducing demand on other services;
- increasing people’s self-esteem, self-worth and confidence, and to integrate into their local community.
- assisting people out of poverty;
- making best use of resources for maximum impact;
- delivering better relationships by working in partnerships across organisations
- empowering people with tools to support them in maximising their independence and developing positive strategies for self-help and financial resilience.

The successful Supplier(s) shall deliver the service in ways that meet the needs of the individuals in places that they can access. The provision should cover island wide locations depending on the need and could be split into localities. Service delivery should be offered in people’s homes or at community venues and the Supplier(s) must be able to evidence that support is being provided effectively within these settings.

Suppliers bidding to provide Community Support – Homeless Prevention Services can bid for up to £100,000 of funding to deliver their service offer. Any bids for funding over £100,000 shall be rejected.

This procurement follows the open procedure under the Public Contract Regulations 2015.

The closing date for receipt of Tenders is 14:00Hrs on 15 February 2021.

The Authority shall award the contracts on the basis of the most economically advantageous offers received. The Authority has between £250,000 – £500,000 of funding in total per annum, of which Suppliers can bid up to a maximum of £100,000 to deliver their service offer. The Authority will need to ensure that there is a good range of services and locations offered under the Community Support – Homeless Prevention Service and therefore reserves the right to not offer a Contract to an organisation where the offer is similar in type of services and/or location where another Supplier has achieved a higher Total Tender Score.

The Authority also reserves the right to accept all or part of an offer put forward by a Supplier, and if this situation occurs, the Supplier will be asked to provide adjusted costs for delivery of part of their service offer.

A % of the funding shall be linked to an incentive payment which will be based on the number of households that the supplier has worked with who will successfully be prevented from being homeless and closed to the service in a Contract year.
