Justification for not providing organisation identifier

Not on any register

The contractor/concessionaire is an SME

No

## **VII.2) Information about modifications**

### **VII.2.1) Description of the modifications**

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Increase in contract value as allowed by PCR2015 regulations.

### **VII.2.2) Reasons for modification**

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Unforeseen circumstances (inclement weather, unforeseen reactive maintenance requirements etc.) has resulted in a higher demand for materials than was originally anticipated. Framework is in last few months of it's lifecycle and a new tender process is under way to put in place a replacement framework. Instigating a new tender process to allow for the increase in value required would result in duplication of procurement costs.

### **VII.2.3) Increase in price**

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £800,000

Total contract value after the modifications

Value excluding VAT: £3,200,000
