#### III.1.2) Economic and financial standing

List and brief description of selection criteria

See Section 4 of the SQ (available to download at: <https://www.yortender.co.uk/procontract/supplier.nsf>).

- c) alternative means of demonstrating financial status if any of the above are not available (e.g. forecast of turnover for the current year and a statement of funding provided by the owners and/or the bank, charity accruals accounts or an alternative means of demonstrating financial status).

Economic operators must also confirm whether or not they are part of a wider group (e.g. a subsidiary of a holding/parent company), and if so must provide confirmation of:

- a) the name of the organisation;

b) the relationship to the economic operator completing the SQ; the organisation's company accounts (if available); and confirmation on whether or not this organisation would be willing to provide a guarantee if necessary, and if not would the economic operator be able to obtain a guarantee elsewhere (e.g. from a bank)

Failure by an economic operator to supply on request either a copy of the audited accounts for the most recent two (2) years or any one of the document listed in (a) - (c) in Section 4.1 of the SQ may also result in exclusion. Further, any answers which leads the contracting authority, acting reasonably, to conclude (considering the risk that the relevant answer suggests about the economic operator's ability to properly perform the Contract) that it would be inappropriate to select the economic operator on this occasion may result in exclusion. In addition, if an economic operator indicates in Section 5 of the SQ that its parent or holding company is prepared to guarantee the performance of the economic operator's company, the information provided in response to Sections 5.1 to 5.3 will be used in the financial assessment of the economic operator.

#### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

The contracting authority will incorporate a minimum ten (10) calendar day standstill period at the point that information on the conclusion of the Contract is communicated to tenderers. This period allows any unsuccessful tenderer(s) to seek further debriefing from the contracting authority before the conclusion of the Contract. Such additional information should be requested from the address at I.1 of this notice. If an appeal regarding the conclusion of the Contract has not been successfully resolved, then the Public Contracts Regulations 2015 (SI 2015/102) provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be started within thirty (30) days beginning with the date when the aggrieved party first knew or sought to have grounds for starting the proceedings had arisen. The Court may extend the time limited for starting proceedings where the Court considers that there is a good reason for doing so, but not so as to permit proceedings to be started more than three (3) months after that date. Where the Contract has not been concluded, the Court may order the setting aside of the award decision or order the contracting authority to amend any document and may award damages. If however the Contract has been concluded, the Court may only award damages or, where the contract award procedures have not been followed correctly, declare the Contract to be ineffective.
