VII.1.4) Description of the procurement:

The first two waves of the survey, conducted in 2016/7 and 2019/20, were undertaken using a combination of online and in-home interviewing. The aim of the in-home survey was to ensure those offline or in some way digitally excluded were represented in the survey.

The Covid pandemic has necessitated a change in survey methodology, with large-scale in-home interviewing still unlikely. The in-home survey will be replaced with a telephone survey.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

25 March 2019

End date

24 March 2023

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The first two waves of the survey, conducted in 2016/7 and 2019/20, were undertaken using a combination of online and in-home interviewing. The aim of the in-home survey was to ensure those offline or in some way digitally excluded were represented in the survey.

The Covid pandemic has necessitated a change in survey methodology, with large-scale in-home interviewing still unlikely. The in-home survey will be replaced with a telephone survey.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of

cost preventing a change of contractor:

The Covid pandemic has necessitated a change in survey methodology, with large-scale in-home interviewing still unlikely. For this reason Wave 3 of the Financial Lives survey will follow a different methodology to preceding waves and the in-home survey will be replaced with a telephone survey. There are a number of benefits associated with one supplier conducting both pieces of fieldwork in terms of sampling, weighting, data merging, costs and timescales.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £1,860,011

Total contract value after the modifications

Value excluding VAT: £2,199,684
