Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

SPD Question 4A.1 Trade Registers It is a requirement of this tender that if the bidder is UK based they must hold a valid registration with Companies House. Where the bidder is UK based but not registered at Companies House they must be able to verify to our satisfaction that they are trading from the address provided in the tender and under the company name given.

If the bidder is based out-with the UK they must be enrolled in the relevant professional or trade register appropriate to their country as described in Schedule 5 of the Public Contracts (Scotland) Regulations 2015.

Bidders will be required to confirm whether they intend to subcontract and, if so, for what proportion of the contract.

Bidders will be required to confirm whether they intend to subcontract and, if so, for what proportion of the contract.

SPD Question 2.C.1 Reliance on the capacities of other entities. Bidders are required to complete a full ESPD for each of the entities whose capacity they rely upon

SPD Question 2.D.1 Subcontractors on whose capacity the bidder does not rely Bidders are required to complete a shortened version of the ESPD for each Subcontractor on whose capacity the bidder does not rely on.

III.1.2) Economic and financial standing

List and brief description of selection criteria

The following are evaluated as pass/fail in the qualification envelope:

Insurance

Duns Rating

A fail will result in a tenderers bid being set aside.

Minimum level(s) of standards possibly required

The bidder confirms they already have or can commit to obtain, prior to the commencement of the contract, the levels of insurance cover indicated below:

Professional Risk Indemnity: GBP5,000,000

Employer's (Compulsory) Liability: GBP5,000,000

Public Liability: GBP10,000,000

Product Liability: GBP5,000,000

With regards SPD question 4B.6 SPT will use Dun and Bradstreet's DBAi financial reporting system to assess the financial stability of bidders. Bidders with a Failure Score of 51 or above on the DBAi system will be deemed to have evidenced satisfactory financial stability. Bidders must confirm within their response to the relevant question within the Qualification Envelope, the value of their D&B Failure Score.

In the event that the bidder does not have a Dun and Bradstreet rating or they consider that the rating has been adversely affected by factors which they can offer mitigating evidence for, we will use the following ratios to evaluate a bidder's financial status. Bidders must confirm within their response to the relevant question within the Qualification Envelope, the name and value of the 3 financial ratios listed below as taken from their own Accounts.

1 Profitability – this is taken as profit after tax but before dividends and minority interests. If a company makes a profit then it is a pass for this ratio;

2 Liquidity – this value is calculated as current assets less stock and work in progress, divided by current liabilities. If the answer is greater than or equal to one then it is a pass for this ratio;

3 Gearing – this value is calculated as the total external secured borrowing (short term and long term) divided by shareholder funds expressed as a percentage. If the answer is less than or equal to 100% it is considered a pass for this ratio.

Where 2 out of the 3 ratios cannot be met, we may then take account of other factors (including those listed below) when assessing financial viability and the risk to the organisation, providing that the Bidder can submit acceptable evidence to substantiate any of the mitigating criteria.

III.1.3) Technical and professional ability

List and brief description of selection criteria

Relevant contract examples

ISO 14001 or equivalent

ISO 9001 or equivalent

Minimum level(s) of standards possibly required

Minimum number of relevant examples: two relevant contract examples of a similar scope in the previous five years. These examples will be evaluated as pass/fail.

Tenderers are required to be ISO 14001 accredited or be able to provide evidence of having an internal system that works to those standards. This will be evaluated as pass/fail

Tenderers are required to be ISO 9001 accredited or be able to provide evidence of having an internal system that works to those standards. This will be evaluated as pass/fail.

Any response scoring a fail to the above will be set aside.
