VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Twelve month extension.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The University of Edinburgh (UoE) are reacting to a current situation that is a genuine emergency; COVID-19 situation and not something the UoE could have predicted.

The COVID-19 situation has halted an existing competitive tender exercise from progressing through to completion, as resources are having to be diverted to deal with COVID-19 consequences, managing the Estate during the pandemic and priority is being given to Business Critical areas.

If COVID-19 restrictions were to be lifted in the coming weeks, there is no time to run an accelerated procurement under the restricted procedures and award a framework agreement or single supplier contract prior to contract expiry.

Allow for some form of stability in the market place and offer additional time for the supply market, including SME's to be in the best possible position to respond to our tender documentation when we go out to market in 2021.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £3,485,850

Total contract value after the modifications

Value excluding VAT: £4,029,100
