UKN06 - Belfast

Internet address(es)

Main address

<https://belfasttrust.hscni.net/>

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Rees Monitoring System in Kelvin & IOP Laboratories BHSCT

Reference number

DAC10314

II.1.2) Main CPV code

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

II.1.3) Type of contract

Supplies

II.1.4) Short description

Rees Monitoring System in Kelvin & IOP Laboratories BHSCT

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £96,620

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKN - Northern Ireland

Main site or place of performance

Belfast Health and Social Care Trust Laboratories

II.2.4) Description of the procurement

Rees Monitoring System in Kelvin & IOP Laboratories BHSCT

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

No other reasonable alternative exists for this procurement. Continuous temperature monitoring of fridge, freezers, incubators, and laboratory areas, is a requirement of laboratory regulation and accreditation bodies as well as compliance with standards that laboratories operate under, such as ISO15198:2012 as assessed by United Kingdom Accreditation Service (UKAS), Blood Safety and Quality Regulations (2005:as amended) (BSQR) and Human Tissue Authority (HTA). The Laboratories have a Rees Temperature monitoring system in place that needs to be further extended to ensure adequate monitoring and provide compliance with ISO 15189:2012 as assessed by UKAS and meet regulatory requirements under HTA. Temperature monitoring needs to be performed by one integrated system for comparative and standardisation purposes. The absence of competition is not a result of the artificial narrowing of the parameters of the procurement. Accuscience have exclusive rights for the Rees TMS within Northern Ireland. A replacement in the short-term is not a reasonable alternative as it would require ICT infrastructure, robust validation and verification work in line with the laboratory accreditation standards and regulations mentioned above. This would result in disruption and disproportionate technical difficulties that would significantly impact the Laboratories ability to deliver services and impact patient care and safety.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

Contract No

DAC10314

Title

Rees Monitoring System in Kelvin & IOP Laboratories BHSCT

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

13 January 2022
