I.6) Main activity

Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Scaffolding Services

Reference number

FA1591

II.1.2) Main CPV code

- 44212310 - Scaffolding

II.1.3) Type of contract

Supplies

II.1.4) Short description

We require scaffolding services across the whole Thames Water region to provide safe access to assets so that TWUL and/or our contractors can carry out repair and maintenance activities.

We will have award to multiple suppliers where, if spend is under £4K or it is an emergency requirement (due to reactive nature of the work), one supplier will be appointed by direct award geographically (South London, North London and Thames Valley).

Any works deemed to be close to or exceed £4K will trigger a mini competition amongst all 3 suppliers.

We will award one supplier per area for sub-£4K works. Please note that regardless of what area you are successful in, you are required to bid and undertake work over £4K in any region.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45262100 - Scaffolding work
- 45262110 - Scaffolding dismantling work
- 45262120 - Scaffolding erection work

II.2.3) Place of performance

NUTS codes

- UKI - London
- UKJ - South East (England)

Main site or place of performance

Whole of Thames Water Region.

II.2.4) Description of the procurement

Scaffolding is essential to our business and we are keen to work with capable, responsive and safe suppliers in order to ensure that we can continue to offer life's essential service.

All suppliers appointed to this framework will need to be willing and capable of delivering scaffolding services across the TW region if the value of the work is more than £4K in any area (South London, North London and Thames Valley).

We and our partners use scaffolding extensively across the Thames Water region on all types of buildings and assets, including Combined Heat Powered engines, pumps, inlet screens,

digester tanks, storm tanks, generators, towers, pipe work and assets in the SPG (Sludge Powered Generators) such as incinerator internal structure, caustic lifting beams etc.

II.2.11) Information about options

Options: Yes

Description of options

Thames Water envisages that the contract will be awarded for an initial term of 3 years with options to extend up to a maximum duration of 8 years.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Section VI. Complementary information

VI.3) Additional information

Please note, this is a contract award notice.

VI.4) Procedures for review

VI.4.1) Review body

Thames Water Utilities Ltd

Reading

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

Precise information on deadline(s) for review procedures:

Thames Water Utilities Ltd will incorporate a standstill period at the point information on the award of the contract is communicated to tenderers. That notification will provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into.

The Utilities Contracts Regulations 2016 provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland).

VI.4.4) Service from which information about the review procedure may be obtained
