II.1.1) Title

Procurement for the Provision of an Urgent and Emergency Care Intelligence System for BNSSG CCG

Reference number

WA11642

II.1.2) Main CPV code

- 48000000 - Software package and information systems

II.1.3) Type of contract

Supplies

II.1.4) Short description

Bristol, North Somerset and South Gloucestershire (BNSSG) CCG has been reviewing its capability for online tools supporting our daily Urgent and Emergency Care system management and escalation, or our OPEL framework. We are assessing the market for a provider who can take and display relevant live or near real time data feeds from our UEC partners (including and not limited to acute, community, ambulance, 111, AWP, social care, voluntary).

Our current solution is provided by Insight - Alamac (with Beautiful Information) and the contract ends on 31st May-2022. This date is subject to change dependent on system readiness and BNSSG will provide updates to bidders as necessary.

Historically in BNSSG, we have used third party providers to data warehouse and manage daily un-validated provider performance and activity information. This information has supported us with our daily system management and escalation actions. However, as a health and social care system we have digitally matured over the past few years having developed our own PowerBI reporting functionality, and therefore no longer require support with warehousing and reporting this information (including but not limited to: ECDS, National A&E Sitreps, Ambulance Daily and Weekly, NHS 111, Long Stays, COVID-19 SITREPs).

The contract will be for 3 years with the option to extend for up to two further years and we invite providers to submit a tender response by 12 noon on the 14th February 2022 via our on-line e-procurement system, In-Tend. The initial three year contract period has a maximum value of £252k including VAT, and £420k over the full five years.

II.1.5) Estimated total value

Value excluding VAT: £350,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 48000000 - Software package and information systems

II.2.3) Place of performance
