This specification has been written to outline the service required to provide appropriate continuing care packages for children and young people within Milton Keynes, Bedfordshire, and Luton. The packages of care should be provided in the setting most appropriate to the child/young person's needs and social circumstances.

The skill of care required will vary according to the child or young person's individual needs. This may be personal care or more complex care that requires the care worker to possess additional specialist skills and competencies.

Care and support needs will be identified and commissioned as a Care Package, which will be recorded on the Contracting Authorities representative's referral documentation at service initiation. This document will be consistent with the requirements of the Service Specification and will form the basis on which the Provider will be expected to meet each child or young person's care needs.
